

Introducing Wagner A Graphic Guide Introducing

Litza Jansz, Stuart Hood

Introducing Wagner Kevin Scott, Michael White, 2015-09-03 Wagner's operatic works rank with the supreme achievements of western culture. But acceptance of Wagner's musical genius is tempered by feelings of misgiving and many believe the composer's underlying ideas to be indefensible. A self-styled social revolutionary, Wagner thought the world could be redeemed through vegetarianism and Aryan philosophy. *Introducing Wagner: A Graphic Guide* separates the composer's art from the ideas and the arrogant destructive personal behaviour of the man.

Wagner for Beginners Michael White, Kevin Scott, 1995 An illustrated introduction to one of the most controversial figures in the music world.

Introducing Fascism Litza Jansz, Stuart Hood, 2015-09-03 Did Fascism end with the Allied victory over the Axis powers in 1945, or has it been lying dormant and is now re-awakening as we move into the 21st century? *Introducing Fascism* trace the origins of Fascism in 19th-century traditions of ultra-conservatism, the ideas of Nietzsche, Wagner and other intellectuals which helped to make racist doctrines respectable and which led to the ultimate horrifying 'logic' of the Holocaust. *Introducing Fascism* investigates the four types of Fascism that emerged after the First World War in Italy, Germany, Spain and Japan. It also looks beyond the current headlines of neo-Nazi hooliganism and examines the increasing political success of the far right in Western Europe and the explosion of ultra-nationalisms in Eastern Europe and the former Soviet Union.

Introducing Nietzsche Laurence Gane, Piero, 2014-06-05 Why must we believe that God is dead? Can we accept that traditional morality is just a 'useful mistake'? Did the principle of 'the will to power' lead to the Holocaust? What are the limitations of scientific knowledge? Is human evolution complete or only beginning? It is difficult to overestimate the importance of Friedrich Nietzsche for our present epoch. His extraordinary insights into human psychology, morality, religion and power seem quite clairvoyant today: existentialism, psychoanalysis, semiotics and postmodernism are plainly anticipated in his writings - which are famously enigmatic and often contradictory. *Introducing Nietzsche* is the perfect guide to this exhilarating and oft-misunderstood philosopher.

Introducing Romanticism Duncan Heath, Judy Boreham, 2010 Covering the transformative power of Romanticism on art, philosophy, literature, music, and politics, *Introducing Romanticism* provides an accessible overview of its many interlocking--and often contradictory--strands. It is the ideal introduction for both students and general readers.

Introducing Walter Benjamin Alex Coles, Andrzej Klimowski, Howard Caygill, 2015-09-03 Walter Benjamin is often considered the key modern philosopher and critic of modern art. Tracing his influence on modern aesthetics and cultural history, *Introducing Walter Benjamin* highlights his commitment to political transformation of the arts as a means to bring about social change. Benjamin witnessed first-hand many of the cataclysmic events of modern European history. He took a critical stance on the dominant ideologies of Marxism, Zionism and Technocracy, and his attempt to flee Nazi Europe ultimately led to his suicide in 1940. With its brilliant combination of words and images, this is an ideal introduction to one of the most elusive philosophers.

Introducing Romanticism Duncan Heath, 2010-06 Romanticism is crucial to an understanding of modern Western culture. Philosophy, art, literature, music and politics were all transformed in the period between the French Revolution of 1789 and the Communist Manifesto of 1848. This was the age of the 'Romantic Revolution,' when modern attitudes to political and artistic freedom were born. When we think of Romanticism, flamboyant figures such as Byron or Shelley spring to mind, but what about Napoleon or Hegel, Turner or Blake, Wagner or Marx? Here is an overview of the interlocking strands of the movement, focusing on the leading figures in Britain, Germany, France, America, Italy and Russia. 'An ideal introduction for both students and general readers.' Over 100 illustrations.

An Introduction to Richard Wagner's Der Ring Des Nibelungen William O. Cord, 1983 Today, more than a century after its first performance, Richard Wagner's *The Ring of Nibelung* endures as one of the most significant artistic creations in the history of opera. This monumental work not only altered previously accepted concepts of music and drama but also inspired creative and intellectual efforts far beyond the field of opera. Previous studies of the Ring have appealed only to those already acquainted in some way with the Wagnerian art. For the uninitiated, Wagner and his landmark creation have seemed forbidding, and those eager to learn about the masterpiece have faced a vast and frequently esoteric body of commentary. Professor Cord addresses the interests of the non-specialist by taking the reader first into Wagner's unique intent, and then through the complete history of the Ring.--Publisher's description.

Introduction to Statistical Methods for Biosurveillance Ronald D. Fricker, 2013-02-25 Presents basic and advanced methods with a focus on demonstrated added value for a broad class of public health surveillance problems.

Wagner's Tristan und Isolde Michael Steen, 2013-02-20 With the 'Tristan chord' at the start of Wagner's opera *Tristan und Isolde*, the composer launched modern music. The political refugee, a former revolutionary, was living in Zurich when the lovely Mathilde Wesendonck, the wife of a rich businessman, inspired him to break off from working on *Siegfried*, part of his 'Ring cycle', and refocus his efforts on *Tristan*. Expelled from there, Wagner continued to work on the opera in the Palazzo Giustiniani in Venice, and finished it in Lucerne in 1859. The première, in Munich, was delayed until 1865, after the 'Mad' King Ludwig of Bavaria came to Wagner's financial rescue. Wagner blended Gottfried von Strasburg's medieval epic

with Schopenhauer's philosophy and his own idiosyncratic views on the psychology and metaphysics of love. (As well, Wagner reflected his views on Greek drama and the integrated Gesamtkunstwerk, or 'art-work'.) The result is a torrent of sound which depicts almost indecent passion. The Liebestod, in which the sexual love of Tristan and Isolde is consummated through death, and which is often presented in concert performance, is some of the most glorious music ever written. Written by Michael Steen, author of the acclaimed *The Lives and Times of the Great Composers*, 'Short Guides to Great Operas' are concise, entertaining and easy to read. They are packed with useful information and informed opinion, helping to make you a truly knowledgeable opera-goer, and so maximising your enjoyment of a great musical experience. Other 'Short Guides to Great Operas' that you may enjoy include *The Magic Flute*, *Eugene Onegin* and *Peter Grimes*.

Blogging Jill Walker Rettberg, 2013-08-20 Blogging has profoundly influenced not only the nature of the internet today, but also the nature of modern communication, despite being a genre invented less than a decade ago. This book-length study of a now everyday phenomenon provides a close look at blogging while placing it in a historical, theoretical and contemporary context. Scholars, students and bloggers will find a lively survey of blogging that contextualises blogs in terms of critical theory and the history of digital media. Authored by a scholar-blogger, the book is packed with examples that show how blogging and related genres are changing media and communication. It gives definitions and explains how blogs work, shows how blogs relate to the historical development of publishing and communication and looks at the ways blogs structure social networks and at how social networking sites like MySpace and Facebook incorporate blogging in their design. Specific kinds of blogs discussed include political blogs, citizen journalism, confessional blogs and commercial blogs.

Introducing Artificial Intelligence Henry Brighton, 2015-09-03 Artificial Intelligence is no longer the stuff of science fiction. Half a century of research has resulted in machines capable of beating the best human chess players, and humanoid robots which are able to walk and interact with us. But how similar is this 'intelligence' to our own? Can machines really think? Is the mind just a complicated computer program? Addressing major issues in the design of intelligent machines, such as consciousness and environment, and covering everything from the influential groundwork of Alan Turing to the cutting-edge robots of today, *Introducing Artificial Intelligence* is a uniquely accessible illustrated introduction to this fascinating area of science.

Introducing Jesus Anthony O'Hear, 2015-09-03 Christianity depends on the belief that the Jesus of history is identical with the Christ of faith, and that God in the person of Jesus intervened finally and decisively in human history. But is the historical Jesus the same as the Christian Saviour? And how did an obscure provincial religion based on the paradox of a crucified saviour conquer the Roman Empire and outlive it? *INTRODUCING JESUS - A GRAPHIC GUIDE* confronts the enigmas. It sets Jesus in the perspective of his time - within Judaism and its expectations of a Messiah, in the atmosphere of Greek philosophy and the Roman deification of emperors. It traces the development of Christianity from St. Paul and the

Romanization of the Church, to modern liberation theology. This book is a lucid and exciting investigation that will appeal to all readers, whether Christian or not.

Being Wagner: The Triumph of the Will Simon Callow, 2017-01-26 The perfect introduction to the Master.

The Wagner Operas Ernest Newman, 1991-10-13 In this classic guide, the foremost Wagner expert of our century discusses ten of Wagner's most beloved operas, illuminates their key themes and the myths and literary sources behind the librettos, and demonstrates how the composer's style changed from work to work. Acclaimed as the most complete and intellectually satisfying analysis of the Wagner operas, the book has met with unreserved enthusiasm from specialist and casual music lover alike. Here, available for the first time in a single paperback volume, is the perfect companion for listening to, or attending, *The Flying Dutchman*, *Tannhäuser*, *Lohengrin*, *Tristan and Isolde*, *Die Meistersinger*, the four operas of the Ring Cycle, and *Parsifal*. Newman enriches his treatment of the stories, texts, and music of the operas with biographical and historical materials from the store of knowledge that he acquired while completing his numerous books on Wagner, including the magisterial *Life of Richard Wagner*. The text of *The Wagner Operas* is filled with hundreds of musical examples from the scores, and all the important leitmotifs and their interrelationships are made clear in Newman's lucid prose. This is as fine an introduction as any ever written about a major composer's masterpieces. Newman outlines with unfailing clarity and astuteness each opera's dramatic sources, and he takes the student through the completed opera, step by step, with all manner of incidental insight along the way.--Robert Bailey, New York University

Puccini's Tosca Michael Steen, 2013-02-20 *Tosca's* première in Rome in January 1900 was nearly disrupted by a terrorist threat to blow up Italy's King Umberto. Victorien Sardou had written the melodrama for the great actress Sarah Bernhardt. Giacomo Puccini's popular opera is a tale of sadism and brutality, torture, attempted rape, murder, an execution and two suicides. 'Realism' was in vogue: Mascagni's *Cavalleria rusticana* had been a great success, as had Leoncavallo's *Pagliacci*. With sharp practice, the publisher Giulio Ricordi obtained '*Tosca*' for Puccini, who had already composed *Manon Lescaut* and *La Bohème*. The story, set in the Napoleonic era was ideal for Puccini, a chain-smoker who enjoyed women, shooting birds, and high-speed motor cars. A political prisoner seeks sanctuary in the church where prima donna Floria Tosca's lover Cavaradossi, a role associated with Pavarotti, is painting a picture of Mary Magdalen. In *Va, Tosca!* the police chief Scarpia fantasises about Tosca during a *Te Deum* celebrating Napoleon's victory. Tosca stabs Scarpia following the famous operatic aria, *Vissi d'arte*, immortalised by Maria Callas on stage and in the film produced by Franco Zeffirelli. Awaiting death before dawn in the Castel Sant'Angelo, Cavaradossi sings the well-known arias *E lucevan le stelle* and *O dolci mani*. Tosca's attempt to save him comes to nothing. Written by Michael Steen, author of the acclaimed *The Lives and Times of the Great Composers*, '*Short Guides to Great Operas*' are concise, entertaining and easy to read. They are packed with useful information and informed opinion, helping to make you a truly knowledgeable opera-goer, and so maximising your enjoyment

of a great musical experience. Other 'Short Guides to Great Operas' that you may enjoy include *La bohème*, *Madama Butterfly* and *Carmen*.

Tchaikovsky's Eugene Onegin Michael Steen, 2012-05-31 The great Russian poet Pushkin's novel in verse tells the story of Tatyana, a love-struck country girl who unwisely wrote to the arrogant city-slicker Yevgeny Onegin professing her love. The tale resonated with Tchaikovsky when he found himself callously dismissing the suit of a student who similarly approached him out of the blue: within weeks, Tchaikovsky then married her! It was a disastrous decision; except that it inspired him to write his great opera. Onegin's future was different. Having shot his best friend, he returns to find that the naïve girl he rejected is now a great lady, married to a distinguished general. He is passionately in love, but it is too late. The opera includes Tatyana's emotional letter scene, as well the reckless and tragic duel, and the country house dance and the great ball in St Petersburg give Tchaikovsky the opportunity to provide us with some truly memorable dances such as the waltz, mazurka, and polonaise. Written by Michael Steen, author of the acclaimed *The Lives and Times of the Great Composers*, 'Short Guides to Great Operas' are concise, entertaining and easy to read books about opera. Each is an opera guide packed with useful information and informed opinion, helping to make you a truly knowledgeable opera-goer, and so maximising your enjoyment of a great musical experience.

Rossini's La Cenerentola Michael Steen, 2012-05-18 Rossini's *La Cenerentola* (or *Cinderella*) is one of the most popular comic operas in the classical repertoire – the timeless fairy tale about the triumph of virtue over snobbery. Its first performance at Rome's Teatro Valle in January 1817 – when the composer was not yet 25 – was the customary fiasco. More recently, audiences have laughed at Rossini's wit, gasped at the momentum of his crescendos and marvelled at dazzling coloratura from great sopranos such as Cecilia Bartoli. The opera moves at the same frantic pace at which Rossini worked to compose it. Written by Michael Steen, author of the acclaimed *The Lives and Times of the Great Composers*, 'Short Guides to Great Operas' are concise, entertaining and easy to read books about opera. Each is an opera guide packed with useful information and informed opinion, helping to make you a truly knowledgeable opera-goer, and so maximising your enjoyment of a great musical experience. Other 'Short Guides to Great Operas' that you may enjoy include *The Magic Flute*, *L'Elisir d'Amore* and *La Traviata*.

Mozart's Don Giovanni Michael Steen, 2012-05-17 With a wealth of famous tunes and meticulous characterisation, *Don Giovanni* is an undisputed masterpiece created by Mozart out of a thread-bare fairground gig. The Don – for whom both sexes have a sneaking admiration – gatecrashes proceedings, serenading and seducing as he goes. As wily as he is insatiable, he outclasses all who are out to get him, including a jealous bumpkin and the down-at-heel Elvira. But a stone statue seals his doom and drags him down into hellfire. From the Champagne aria and the ballroom scene to the melodious arias of the three sopranos and the unctuous Ottavio, *Don Giovanni* is a thrilling drama that continues to delight audiences worldwide. Written

by Michael Steen, author of the acclaimed *The Lives and Times of the Great Composers*, 'Short Guides to Great Operas' are concise, entertaining and easy to read books about opera. Each is an opera guide packed with useful information and informed opinion, helping to make you a truly knowledgeable opera-goer, and so maximising your enjoyment of a great musical experience. Other 'Short Guides to Great Operas' that you may enjoy include those on *Così fan tutte*, *The Marriage of Figaro* and *The Barber of Seville*.

Bizet's Carmen Michael Steen, 2013-02-20 The Paris audience in 1875 was shocked by the sexually explicit realism of Bizet's exotic operatic masterpiece, its 'verismo' depiction of low life and brutal passion. But since the disastrous première – a sensational failure which hastened Bizet's premature death – it has been the greatest operatic success. It led to a film opera, a jazz opera, a rock ballet and a Broadway musical. Equally, it impressed great composers including Tchaikovsky, Brahms and Vaughan Williams. The story, written by Prosper Mérimée and adapted by librettists Meilhac and Halévy, is set in colourful Seville, in southern Spain, renowned for bullfights. The corporal Don José is seduced by Carmencita, a gypsy whore who works in a tobacco factory. With her Habanera (a Cuban dance like the tango) and Andalusian Seguidilla, she charms him, and escapes prison. She falls for Escamillo, a celebrity toreador associated with the famous tune *Toréador en garde*. Don José's Flower Song fails to win her for long. We visit the haunt of Seville's demi-monde, Lillas Pastia's bodega, and a gypsy encampment in the mountains, before José stabs Carmen outside the bullring. Written by Michael Steen, author of the acclaimed *The Lives and Times of the Great Composers*, 'Short Guides to Great Operas' are concise, entertaining and easy to read. They are packed with useful information and informed opinion, helping to make you a truly knowledgeable opera-goer, and so maximising your enjoyment of a great musical experience. Other 'Short Guides to Great Operas' that you may enjoy include *Tosca*, *Madama Butterfly* and *Eugene Onegin*.

Introducing Wagner A Graphic Guide Introducing Book Review: Unveiling the Magic of Language

In an electronic digital era where connections and knowledge reign supreme, the enchanting power of language has been apparent than ever. Its ability to stir emotions, provoke thought, and instigate transformation is truly remarkable. This extraordinary book, aptly titled "**Introducing Wagner A Graphic Guide Introducing**," published by a very acclaimed author, immerses readers in a captivating exploration of the significance of language and its profound effect on our existence. Throughout this critique, we will delve into the book's central themes, evaluate its unique writing style, and assess its overall influence on its readership.
