*Managing by the Bhagavad Gītā* Satinder Dhiman, A. D. Amar, 2018-11-27 Drawing upon the timeless wisdom of the Bhagavad Gītā, a philosophical-spiritual world classic, this professional book highlights the spiritual and moral dimensions of management using an inside-out leadership development approach. It interprets the Bhagavad Gītā's teachings on the personality types and psychological makeup of managers and employees; self-knowledge and self-mastery; and the leadership concepts of vision, motivation, and empowerment. This book covers topics such as training of the mind, ethical leadership, communication, stress management, and corporate social responsibility (CSR). Collectively, the enclosed contributions provide managers with an enhanced outlook on management functions such as leading, planning, organizing, and controlling in today's organizations, particularly those run by knowledge workers. Management research in the 20th century has mainly focused on the industrial paradigm characterized by a hierarchical structure of authority and responsibility with an individualistic focus on the personality of the manager. However, this traditional paradigm cannot solve many of the problems that confront leaders and managers today. Recent studies have shown that values traditionally associated with spirituality—such as integrity, honesty, trust, kindness, caring, fairness, and humility—have a demonstrable effect on managerial effectiveness and success. Although traditionally interpreted as a religious-spiritual text, the Bhagavad Gītā teaches these values which can be extrapolated and applied to practical management lessons in today's corporate boardrooms. Applying the text of the Bhagavad Gītā to the context of management, this book views the manager as an "enlightened sage" who operates from higher stance, guided by self-knowledge and self-mastery. It demonstrates how character is the key ingredient for effective management and leadership. This book is therefore applicable to all managers,

from first-line to CEOs, in their management and leadership roles in organizations.

The Myth of the Liberal Media Edward S. Herman, 1999 *The Myth of the Liberal Media* contends that the mainstream media are parts of a market system and that their performance is shaped primarily by proprietor/owner and advertiser interests. Using a propaganda model, it is argued that the commercial media protect and propagandize for the corporate system. Case studies of major media institutions--the New York Times, the Wall Street Journal, the Philadelphia Inquirer--are supplemented by detailed analyses of word tricks and propaganda and the media's treatment of topics such as Third World elections, the Persian Gulf War, the North American Free Trade Agreement, the fall of Suharto, and corporate junk science.

**Ruin and Beauty** Deena METZGER,2009 Poetry arises from the search for sacred language that describes the awe and mystery of the real world. Deena Metzger is a contemporary poet who has aligned herself with this ancient tradition. This collection, that includes selections from her earlier books of poetry *Dark Milk*, *The Axis Mundi Poems*, *Looking For the Faces of God*, *A Sabbath Among the Ruins* and *Skin: Shadows/Silence* draws on her life s work, more than forty years of devotion to the word, and aligns itself with such a quest for meaning that has increasing urgency because of the spiritual and political ruins of our time. It is no longer sufficient, she believes, for the poet to be an unacknowledged legislator of the world, for the committed poet is called to engage with full heart in the continuous activity of restoration on behalf of beauty, wisdom and the natural world. Here we meet the articulate voices of the otherwise silenced, the voices of the animals, the land and the elementals, rain, wind fire and earth, and our responsibility to them. This book combines a searing look at the horrors that we permit, the anguish of human cruelty, brutality, and indulgence, but carrying the fierce determination to live, act, and write on behalf of the soul in all its manifestations. In this collection, despair is acknowledged but not indulged, as Metzger engages in the meticulous task of reconstructing a world, informed by the past and history as language demands, but, extracting ourselves from its violence and caprices, looking toward a viable future and all its unexpected possibilities.
